NAWC Completes First Membership Survey and Announces Drawing Winner!

GLENDALE, WI- July 13, 2006

National Alliance of Wound Care (NAWC) today announced the completion of the first annual survey of its membership. The NAWC has 2100 members as of this date and is growing at the rate of approximately 100 per month.

A four-week survey of the membership was conducted during May and June, 2006. The survey was designed to gain a better understanding of the general membership in terms of what they are looking to the NAWC for that will make the organization a significant resource to them and the wound care community at large. Further, the survey quantified the membership's ability to impact healing rates post certification, revealed existing capabilities and resources within the membership and identified opportunities for growth. A \$500 cash prize was awarded to Marlene Flanders of Minnesota, winner of a random drawing of the survey respondents.

About NAWC

Wound Care Credentialing...

The Mark of DistinctionSM

The National Alliance of Wound Care (NAWC) is a non-profit organization dedicated to the advancement and promotion of excellence in wound care via the certification of wound care practitioners in the United States.
